

HattieS[®] maglettes[™]

OVERLAP CLASP
By Hattie Sanderson

- Create bone dry metal clay Maglettes[™] for size 15.25 magnets according to the kit instructions.

- Roll a snake of metal clay and form it into two identical loops. Dry. Sand the bottom of the loops flat.

- Roll a slab of metal clay 2 cards thick and texture. Paste the slab to the female side of the bone dry Maglette[™] component. Trim slab as needed. Dry.
- Add Embellishments as desired. Dry, File.

- Paste one metal clay loop onto one side of each of the Maglettes[™].

- Fire, finish and epoxy the magnets in place according to the kit instructions. Add chain, cording, or beads to the clasp as desired.
